

Admissions Policy

British School Muscat (BSM) offers a UK style education that broadly follows the English National Curriculum from Nursery to Year 13. BSM offers i/GCSE in Years 10 & 11. In the Sixth Form pupils do A Levels.

Admission is not automatic. The Admissions Policy is designed to ensure that the pupils who attend have the capacity to thrive within, and benefit from, all that BSM offers.

The school caters for pupils who meet the following criteria:

- An age appropriate fluency in English language (speaking, reading, writing and comprehension)
- Attitudes and values that match the BSM Learning Ethos
- The ability to thrive in a high achieving environment
- A supportive family who will engage with the school in promoting their child's education, personal development and English language development
- Individual learning needs which can be largely met within the mainstream classroom and without significant additional adult support
- Willingness to participate fully in all aspects of the curriculum

Whilst BSM is able to provide support for English language acquisition and for children with certain special education needs, capacity for this support is limited.

Assessment & Interviews

Assessment and interviews are a fundamental part of the admissions process, designed to ensure the pupil's educational needs can be met within a mainstream school setting and in an age appropriate class.

Where there is some evidence of additional educational need, opportunities will be provided to discuss the child's educational development in more detail, and for the school to carry out appropriate assessments, before an offer of a place can be made.

It is BSM's policy not to share test results or references with applicants, unless in exceptional circumstances.

Entry to Foundation Stage, Year 1 and Year 7

Assessments and interview's take place over a scheduled period of time in the academic year prior to the new term in September. Admissions decisions will be made after this period, on assessment and interview of all applicants.

Assessments and interviews take place in order of waiting list priority throughout the academic year as appropriate.

Progression within BSM

Very occasionally, as a pupil progresses through one year group, it may become apparent that they are not making sufficient progress. BSM reserves the right to prevent progression to the next year group or key stage until it is deemed that the pupil is able to access that curriculum adequately.

Similarly, as a pupil progresses through the school, it may become apparent that BSM is not able to provide the most appropriate educational setting that is in the best interests of the pupil. In this rare event parents will be thoroughly consulted; however the final decision rests with the school.

Admission into Foundation Stage

The criteria for admission into Foundation Stage are that all pupils must be capable of using English as their working language. Where children are bilingual they must be able to demonstrate a good working capability in English. Pupils may therefore be observed in setting to assess this.

Admission into Years 10 and 11

Pupils must start this course at the beginning of Year 10. On a case by case basis, the school will consider a start date of term two (January). Entry after the start of term two is not accepted except in very rare circumstances.

Admission into the Sixth Form

All Sixth Form Pupils are expected to work hard if they are to be successful at A Level. To fulfill their potential, they must also develop and focus their commitment, energy and ambition. At BSM, we strive to develop Pupils' attitudes and behaviour in line with the BSM Learning Ethos so as to prepare Pupils generally for an independent life and for progression to higher education in particular.

Suitability for Sixth Form

Sixth Form study is designed to allow pupils to pursue subjects in which they have a particular interest to much greater depth and breadth. As such, pupils are encouraged to opt for subjects they enjoy with a passion and to which they are willing and able to dedicate at least two more years of study.

Naturally, a certain level of academic achievement in these subjects is also required for the pupil to be successful and to enable them to progress to university. Guidance is given from subject teachers about a pupil's

suitability for a course and we strongly urge pupils and parents to act on such advice.

When considering a pupil's suitability for entry to the Sixth Form, the following criteria will apply:

- a) The pupil's track record in terms of:
 - Commitment to the BSM Learning Ethos
 - Academic ability
 - Contribution to school life
- b) At least 5 GCSEs at A*-C including English and mathematics (a B is required where the pupil has taken iGCSE English as Second Language)
- c) Each A Level has its own minimum entry requirement, usually a B at GCSE. 'Please see Sixth Form Entry Requirements'
- d) Where a pupil has not taken GCSEs it is expected that they can prove an equivalent level of academic ability via alternative examinations or school references.

Movement to Year 13:

A grade D in the AS examination is required at the end of Year 12 to allow a pupil to progress to Year 13/A2.

Examination entry

The school reserves the right not to enter a pupil for external examinations if they fail to respond to academic interventions.

Pupils requiring additional support

BSM has only limited resources to cater for pupils whose learning needs can only be met with significant support. Currently our Learning Support department offers both 'in class' and 'withdrawn' additional support to meet the needs of our pupils.

It is in the interests of all concerned, and particularly of the pupils themselves, that all who are admitted to BSM are able to enjoy high levels of success and thrive within the high achieving environment.

Parents of children who have a history of requiring any additional educational support are required to bring to the attention of the school detailed information regarding their child's specific learning needs. This information should include: previous school reports, SENCO (Special Educational Needs Coordinator) reports, copies of previous Individual Education Plans (IEPs) and any reports from outside professionals (e.g. educational psychologist, speech and language therapist, occupational therapist). Parents are also strongly advised to discuss the potential needs of their child prior to making a formal application to ensure that the school is in a position to meet these needs.

Failure, at the stage of application, to declare accurately and fully the extent of a child's individual learning needs may result subsequently in parents being asked to withdraw their child because the school is unable to meet his or her learning needs. This is a situation that we are anxious to avoid, particularly as it may impact adversely on the child's self-esteem and future learning.

Children who have been offered a place at BSM, and who have also been identified as presenting with additional educational need, will be assessed in context once they start at the school. The most effective way to ensure a child's individual needs are being met is to assess them in their learning environment. After a designated amount of time, a review meeting will take place to discuss the pupil's transition, progress and on-going provision that will be offered within school. If over time, the needs of the child are unable to be effectively met by the provision BSM can offer, we will endeavour to assist you in finding a suitable alternative placement.

Year group entry

Pupils will be placed in the appropriate age group taking account of their age on the 1st of September. It is the policy of the school to place pupils within their appropriate age group, although the school reserves the right to place pupils in a different age group if it is deemed more suitable for the needs of that pupil.

Waiting list priority

BSM gives priority to the following categories of pupils:

1. Children of employees
2. [ASAS Place Holders](#)
3. Former BSM pupils who have left their deposits
4. Other groups
 - 4.1 Siblings
 - 4.2 Former BSM pupils who took their deposits
 - 4.3 Children of Alumni
5. Normal Waitlist

Outcome of Application

If a pupil is accepted by BSM: the school will follow the procedures outlined in its 'Admissions Process'. Parents should refer to this document, as well as to the details found in 'Fees' and 'Terms & Conditions'

If BSM cannot accept a pupil: applicants are welcome to reapply, however they will only be considered for entry after 6 months.

Where a pupil is accepted by BSM, parents may defer their son/daughter's start date only once. After this, a full term's fees must be paid to keep the pupil's place.

If a place is offered but refused by the parent, the parent gives up any claim to a place in the future and would have to reapply.
