## MISSION STATEMENT

British School Muscat seeks to establish a positive ethos which is conducive to learning and in which the individual pupil is valued and respected.

Our Behaviour Policy sets out guidelines which support all members of the school community, including staff, students and families to thrive within a caring framework, leading them to a position of self-discipline and personal responsibility.

## Introduction

Good behaviour is a necessary condition for effective teaching and learning to take place. It will involve praise and rewards; excellent relationships between teachers and students and stimulating and effective teaching and learning. It will also involve in some instances the application of sanctions. The school's expectations of good behaviour will be modelled, reiterated, and reinforced by students, families and staff by a variety of means:

**The Home School Agreement (Appendix A)** The school year begins with this agreement. Tutors go over its details with students in Form groups, ensuring that all appreciate that they are expected to uphold behaviour which respects self, others and the school environment and demonstrates it by courteous dealings with others and evident pride in the school community and self, for instance in a smart appearance, punctuality, excellent attendance and work done to the best of the pupil's ability.

The Home School Agreement outlines that the school, parents and the student agree to support the aims above.

By attending BSM, all parties agree to uphold the expectations within the Home School Agreement

**The Sixth Form Contract (Appendix B)** The Sixth Form Contract is in place to reflect the expectations the staff have of students within the Sixth Form but shares the latter's details regarding behaviour. All Sixth Form students and parents also agree to uphold the expectations of the Home School Agreement by attending BSM Sixth Form

**Behavior Policy Overview (Appendix C)** This shares the consequences of negative or disruptive behavior, should we see this at BSM. This behavior overview is not exhaustive and applies to all members of the BSM community.

## Shared Responsibilities for promoting positive behaviour

Any approach to promoting positive behaviour must ensure all members of the school community are aware of their responsibilities and actively support the school ethos and all school policies, including the behaviour policy.

## The Roles of the Teachers

All staff are responsible for ensuring that the expectations of student behaviour are fulfilled. Staff should be very familiar with all school policies related to behaviour and the Home-School Agreement.

All staff must follow the guidelines and procedures regarding rewards and sanctions as outlined in Appendix C

**Subject teachers** Subject teachers are expected to take initial responsibility in administering the standards of discipline expected in academic work and behaviour on arrival at, during and on leaving their lessons. (See Appendix C - Behavior Policy Overview).

In addition, teachers should use the Student Planner to communicate praise or concern to parents as appropriate.

Subject teachers will refer any behavioural concerns, academic or otherwise, to Heads of Departments. However, if unacceptable behaviour seems persistent, more generalised, relating to wider progress or wellbeing of an individual or group of students, then referral will be made to relevant Form Tutors and/or Year Leader

All teachers are responsible for the behaviour in their own classroom and, wherever possible, will challenge that behaviour themselves. They will be supported in this by the Head of Department and/ or the Year Leader.

**Heads of Departments** Heads of Departments are responsible for maintaining academic standards in the subject areas within their remit and for supporting their subject staff with overall student behaviour in classes in the first instance.

Heads of Departments may place a student on report to monitor and provide targets for improvements.

**Form Tutors** Form Tutors reinforce the standards of behaviour expected at the start of each tutor time by the atmosphere of their Form room. They begin the year by going through the BSM Learning Ethos and positive behavior expectations with the Form Group, ensuring that all students understand the expectations of BSM.

Uniform should be checked and challenged by the all staff at the beginning of each lesson

during form time and persistent offenders are referred to the Year Leader. Uniform expectations should be consistently applied by all class teachers, not just Form Tutors, in line with the culture of support and togetherness that BSM wishes to achieve.

Form Tutors should always be informed of rewards, detentions and incident reports by the subject teacher and/or Head of Department. Subject teachers who are concerned about the progress of a pupil should discuss the matter with the Head of Department and the Form Tutor. Form Tutors will discuss attendance, detentions and any other issues at the weekly pastoral briefings.

The Form Tutor monitors the Student Planner as a means of communication with home and will have regular checks for comments from staff and parents, discussing issues with the student. In addition the Tutor is able to monitor House Points won, absence, punctuality, detentions and, with such knowledge and understanding of students, is expected to promote and support the best standards of behaviour.

A Form Tutor may place a student on report to monitor and provide targets for improvements.

All students will be allocated to a House. Enthusiasm and loyalty to the House and school are fostered by Tutors encouraging the will to be cooperative but also to achieve.

Year Leaders will lead the team of Form Tutors with respect to their duties to the children in their care, in relation to personal welfare, academic attainment and achievement.

A Pastoral Briefing led by Year Leaders will take place every week from 7:15 – 7:30 am and Year Meetings will take place once a month from 2:10 – 3:10pm during which a number of items including students' behaviour and welfare will be discussed with Form Tutors.

**Key Stage Leader** Key Stage Leader will have a very close interest in all things pertaining to students in their care, including academic performance. They will liaise with teachers, subject heads, tutors, parents, and the SENCO, the Deputy Head of Pastoral Care to promote, develop and maintain the aims of this policy.

It is important that the role of the Key Stage Leader is not solely that of disciplining the student in their Key Stage. Their role in the behaviour management of the school comes into play only when all the above strategies employed by the Form Tutor and Year Leader have failed. Should there be persistent or severe problems, the Year Leader will have the support of the Key Stage Leader, in dealing with these issues.

Key Stage Leaders may place a student on report to monitor and provide targets for improvements.

**Deputy Head of Senior School** The Deputy Head of Senior School has overall responsibility for behaviour and discipline, welfare and safety in the school and reports directly to the Head of Senior School. The DHSS is the Designated Safeguarding Lead for Senior School. 4

## Rewards and Sanctions

**Rewards** The School is keen to acknowledge effort and good behaviour and to praise and celebrate pupils in their curricular and co-curricular achievements. The opportunities include:-

- Reports on sports, trips and other activities given by students in whole school assemblies;
- House Points Certificates are awarded by teachers. Bronze, Silver, Gold and Platinum Certificates are awarded to students who reach specific house point totals. These are presented during Tutor Time, Key Stage and/or whole school Assemblies.
- Subject commendation postcards for good work or significant improvement or achievement in any area of school; these are given by teachers or presented to a student in assembly;
- Nomination by Heads of Year for Termly Learning Ethos awards
- Notable academic and extra-curricular achievements are celebrated by announcements in assembly and certificates and trophies are awarded in the presence of the whole school;
- Achievements are also recorded in press releases, the School's Newsletters and website;
- An annual Commendation Evening Ceremony, which includes prizes for achievement in subjects and for exemplifying the Learning Ethos.

**Sanctions** Students are given clear guidance on personal conduct by their Form Tutor, Subject Teachers, Heads of Departments, Year Leaders and Key Stage Leaders. However, from time to time incidents may occur, as in any community. In cases of misbehaviour, both in school or when off site, or for inadequate work, the school will use a range of sanctions.

Crucial to our system of sanctions is the principle of proportionality. A record of any reported

incident will be logged in CPOMS

The examples in Appendix C are not meant to be prescriptive but should serve to give some indication of when a particular sanction might be used.

**Detentions** Lunchtime detention is given for a variety of reasons as detailed in Appendix C. A teacher will log the reason for the detention on CPOMS and in the student's planner giving the reason for the detention.

For after school detentions, parents will be given at least a day's notice. The teacher will make a note of the detention on CPOMS and in the student's planner giving the reason for the detention. Staff will contact the parents via phone or email to inform them of the date and time of detention.

The detention takes precedence over other extra-curricular activities taking place at BSM or outside of BSM.

## Anti-Bullying

The British School Muscat's Positive Behaviour Policy outlines what we will do to prevent and tackle bullying.

### Definitions:

#### Bullying:

Guidance from [www.gov.uk](http://www.gov.uk)

There is no legal definition of bullying. However, it's usually defined as behaviour that is:

- repeated
- intended to hurt someone either physically or emotionally
- often aimed at certain groups, for example because of race, religion, gender or sexual orientation

It takes many forms and can include: physical assault, teasing, making threats, name calling, cyberbullying - bullying via mobile phone or online (for example email, social networks and instant messenger)

Racist: A person who shows or feels discrimination or prejudice against people of other races, or who believes that a particular race is superior to another.

Racist Incident: Any incident which is **perceived** by the victim or any other person to be motivated by hostility or prejudice based on a person's race or perceived race.

Religious incident: Any incident which is **perceived** by the victim or any other person to be motivated by hostility or prejudice based on a person's religion or perceived religion.

Restorative Conversation: A practice that encourages children to take responsibility for their behaviour by thinking through the causes and consequences of their actions. It supports children in developing, maintaining and repairing relationships, building a community based around empathy and self-learning.

Significant: Sufficiently great or important to be worthy of attention; noteworthy.

Proportional: Corresponding to the significance of the behaviour and the intent to ignore known expectations or cause disruption, damage or harm.

Extreme behaviour: Behaviour seen as highly unusual, raising significant alarm and having potentially far reaching consequences.

## What is bullying?

“Bullying is the intentional hurting of one person by another. It is usually repetitive or persistent, although some one-off attacks can have a continuing harmful effect on the victim.”

The teachers, staff, governors, parents and students of BSM believe that negative and devaluing behaviour:

- Is hurtful, threatening, harmful and disrespectful;
- Can include behaviours which hurt, threaten or frighten another person or group of people;
- Can be unprovoked, repeated and sometimes can continue for a long period of time.

Bullying behaviours can include physical, social and psychological aspects such as:

- Neglecting, making someone uncomfortable;
- name-calling, taunting, mocking, making offensive comments;
- kicking, hitting, pushing and shoving, fighting, spitting;
- taking or damaging belongings, stealing from pupils' school bags or lunch boxes;
- photographing, using or publishing photos without consent;
- gossiping, spreading hurtful and untruthful rumours;
- socially excluding people from groups e.g. not talking to them, excluding them from activities;

- can relate to race, religion or culture; special education needs and disabilities; appearance or health; sexual orientation; sexist or sexual bullying.

Any of the above bullying behaviours coming from students, staff or families towards members of the BSM school community will not be tolerated

### **Our approach to anti-bullying aims to:**

- Promote respect and tolerance for each other
- Provide a secure, stimulating, positive and mutually respectful and inclusive environment for learning;
- Clarify for students through PSHE, across the curriculum and in assemblies what bullying is and that it is always unacceptable;
- Explain to staff, students and the whole school community the impact of bullying on individuals and the school as a whole;
- To have in place an anti-bullying support system that all staff and students understand and to apply the system consistently.

### **Our School:**

- Will be explicit about our values and expectations;
- Will discuss, monitor and review our positive behaviour policy;
- Will support staff to promote positive behaviour and identify and tackle bullying appropriately;
- Will ensure that students are aware that all bullying concerns will be dealt with promptly, sensitively and effectively;
- Will ensure that students feel safe to learn and that students abide by the Positive Behaviour policy;
- Will report back to parents regarding their concerns on bullying and will deal promptly with complaints. Parents in turn will work with the school to uphold the Positive Behaviour Policy.

## What is Cyber- bullying

Cyberbullying is the use of technologies by an individual or a group of people to deliberately and repeatedly upset someone else. Cyberbullying is a whole school community issue and will not be tolerated at BSM.

A wide variety of behaviours can be considered cyberbullying, including:

- intimidation and threats
- harassment and stalking
- vilification/defamation
- exclusion or peer rejection
- impersonation
- unauthorised publication of personal information or images
- manipulation.

Cyberbullying may also constitute discrimination and hate crimes, such as:

- sexist bullying
- racist and faith-targeted bullying
- homophobic bullying
- bullying in relation to a disability.

There are a variety of technologies that may be used to cyberbully, including email, smartphones and a large variety of social media platforms including but not exclusive to; Facebook, Twitter, Instagram, Snapchat, ASKfm, WhatsApp, Sarahah, Redditt and YouTube.

It is important that the BSM community is aware that any cyberbullying will be dealt with as seriously as face-to-face bullying, regardless of whether the bullying is physically perpetrated on the school site. [DfE guidance on cyberbullying](#) states: “Schools should also make clear that it is not acceptable for pupils, parents or colleagues to denigrate and bully (any member of the school community) via social media in the same way that it is unacceptable to do so face to face.”

## Preventing and responding to Bullying, both face to face and cyberbullying

At BSM, we believe that all our students, staff and families have the right to learn, work and visit BSM in a secure, caring and friendly environment. Bullying can spoil lessons and stop learning. Everyone should be able to contribute to lessons and to the life of the school without intimidation.

The school aim is to prevent bullying and create an atmosphere where all students, staff and members of the BSM community feel safe. A school philosophy will be built through the curriculum, extra-curricular activities, assemblies, INSET and staff meetings. Negative or devaluing behaviour will not be tolerated and will be dealt with appropriately and promptly.

All incidents will be treated seriously and may ultimately lead to exclusion.

### **Positive steps towards prevention**

We will:

Train all staff and students to identify all bullying behaviours and follow school policy and procedures related to bullying.

Expect all parents to uphold the values of BSM and behave as role models to their children, by demonstrating positive behaviour towards all other members of the BSM community.

Consider all opportunities for addressing bullying including through the curriculum, assemblies and through student leaders;

- Involve Peer Mentors where appropriate;
- Encourage positive behaviour;
- A Worry Box will be available in the Health Centre where students can, anonymously, post notes regarding bullying issues;
- Supervised break duties and regular patrolling by the Senior Leadership Team and duty staff of areas where bullying can occur at specific times, i.e. playground, corridors, classrooms, toilets.

### **Developing a common school approach**

All staff, students and members of the BSM community have a responsibility to play a part in preventing and eliminating bullying within the school community;

The referral process should be through the pastoral system.

The safety of the victim is vital; they must feel safe and know that the school is a safe place.

Their safety must be monitored after the incident.

Every incident is serious to the victim and, as such, their anxiety must not be belittled.

Before any action is taken, it will be discussed with the victim.

The bully must be dealt with too and it should be done constructively.

Staff and parents are role models and should not bully.

Ensure everyone is aware of the consequences and that parents of both the bully and the victim will be contacted.

### Encouragement to tell

We actively encourage anyone who is being bullied, or others who know about it, to feel that they will be listened to, and that action will be swiftly taken which is sensitive to their needs.

Disclosure (telling an adult/peer) can be direct and open or indirect and anonymous. A Worry box is available for indirect/anonymous disclosure in the Health Centre. There is also the Wellbeing Button on the Parent and Student Portal. Everyone must realise that not telling someone means that the bullying is likely to continue.

## Roles

### Staff

We expect staff to:

- Provide students with a framework of behaviour including class rules which supports positive behaviour;
- Emphasise and behave in a respectful and caring manner to students, other staff and members of the school community, to set a good tone and help create a positive atmosphere;
- Provide students with a good role model;
- Raise awareness of bullying through stories, role-play, discussion, peer support, student leaders, PSHE;

- Through the Principal, keep the Governing Body well informed regarding issues concerning behaviour management;
- Work with the Senior Leadership Team so that the positive behaviour policy can be properly enforced and monitored;
- Regularly canvas views on the extent and nature of bullying;
- Ensure students know how to express worries and anxieties about bullying;
- Ensure all students are aware of the range of sanctions which may be applied against those engaging in bullying;
- Involve students in anti-bullying campaigns in schools e.g. during an Anti-Bullying Week;
- Offer support to students who have been bullied;
- Work with students who have been bullying in order to address the problems they have;
- Consistently apply the anti-bullying procedures;

## Students

- Report all incidents of bullying (whether they are bullied or they know of a bullying situation);
- Treat all people as you would like to be treated;
- Be firm – know that the school will support you;
- Put all incidents of negative and devaluing behaviour in writing – provide witnesses if possible.

If you witness a bullying situation and do not report it, you are condoning the behaviour and supporting the bully. This is known as being a Bystander and will be treated severely too.

## All parents

If you have worries about your son/daughter being bullied, please contact his/her Form Tutor and the Year Leader.

If you know of any incident of bullying, please contact your child's Form Tutor and report it to the Year Leader

Any concerns that parents may have must be referred to a member of

staff.

Be aware of signs that your child is being bullied:

- Has their behaviour changed recently?
- Is their relationship with brothers/sisters any different?
- Are they quieter/more boisterous than normal?
- Do they avoid going to school?
- Are they often late in the morning?

Parents must also promote positive behaviour by being a role model to their children at all times

### **Communication with Governors**

- Any Anti-Bullying issues which have implications for child protection will be reported to Governors in line with the procedures set out in the school's Safeguarding and Child Protection Policy.
- Any Anti-Bullying issues which lead to fixed term or permanent exclusions will be reported to Governors in the Principal's termly report.
- Any bullying trends which are causing concern to the school will be reported to the Governors in the Principal's termly report.

## **Recording**

Incidents clearly identified as bullying must be reported to the Form Tutor or Year Leader and all incidents and follow up action will be recorded and logged by completing a Bullying Incident form on CPOMS. The Head of School and the Principal will be made aware of any bullying incidents and a log of these issues will be kept.

### **Dealing with an incident**

Bullying incidents discovered at BSM will be taken seriously, dealt with promptly and support will be provided for the victim and bully.

BSM will support all involved by:

- Talking through the incident with the victim and bully;
- Helping the victim and bully to express their feelings;
- Discussing strategies for making amends.

Sanctions will follow those outlined in Appendix C

Parents (of both the victim and bully) will be informed of what has happened, and the action taken.

A record will be made of these discussions and, if necessary, witness statements will be obtained.

### Prevention and Intervention

Bystanders can take positive actions to prevent bullying and to address it while it is happening or after it occurs. Parents, teachers, and other caring adults can recommend safe ways that bystanders can prevent, intervene, or address bullying.

Prevention steps include:

- Being inclusive by welcoming others to join their activities and groups<sup>2</sup>
- Being a role model for pro-social behavior by showing kindness, respect, and empathy for others.
- Walking or sitting with or near vulnerable kids who may be targets of bullying.
- Getting involved with bullying prevention efforts at school or in the community

Bystander interventions during a bullying incident may include:

- Defending the target of the bullying
- Intervening as a group
- Changing the subject
- Questioning the bullying behavior
- Using humor to lighten up a serious situation

- Openly stating an objection to bullying
- Stating approval of the victim and validating his or her social status

Bystanders can address bullying after it happens by:

- Reaching out privately to the target of the bullying to express support or concern.
- Reporting the bullying to a trusted adult, parent, teacher, or member of the school community.
- Reaching out privately to the person doing the bullying to express concern, if they feel safe to do so.

## Exclusions

Fortunately the School has only rarely to consider excluding students on disciplinary or health grounds. However, when it does, steps need to be taken in a careful sequence in order to ensure that students are treated fairly and consistently. This policy lays out the steps that must be taken and the points to consider before a decision is made to exclude a pupil.

### **BSM is committed to:**

Ensuring that students who are being considered for exclusion on disciplinary or health grounds are treated fairly and consistently.

Having transparent steps that should be systematically taken and the factors that should be carefully considered before a decision is taken to exclude a student.

Showing who is responsible for steps in the procedure leading up to exclusion.

### **Avoiding Exclusion**

In most cases exclusion will be the last resort after a range of measures have been tried to improve a student's behaviour. Policy, procedures and training collectively minimise the number of students at risk of exclusion. However, for those at risk, additional measures include:

- Engaging with parents

- A change of teaching set or class
- Introduction of a specific pastoral support programme
- Outsourced (funded by parents) individual adult support
- Limited curriculum alternatives
- Assessment of Special Educational Needs
- Allocation of a key worker
- Referral to a specific external support service, such as an educational psychologist or child psychiatrist.

The behaviour of students at risk is sometimes driven by complex combinations of social, emotional and health problems, so the involvement of all adults, including parents is carefully co-ordinated, creating a broadly representative team.

A number of different alternatives to exclusion are available to the Principal and Head of School in response to a serious breach of behaviour policy. This include, but are not limited to:

- Restorative Justice
- Mediation
- Internal Exclusion
- Recommendation for withdrawal to the parents
- Negotiated transfer to another Muscat school

## Removing Pupils from School

There are three exceptional circumstances in which individual students may be removed from school on disciplinary or health grounds, namely where:

a. There is sufficient evidence that a student has committed a serious disciplinary offence. In these circumstances the student may be excluded from school for a fixed period or permanently.

b. A student is accused of a serious criminal offence but the offence took place outside the school's jurisdiction. In these circumstances the Principal may decide that it is in the interests of the individual concerned and of the school community as a whole for that student to be educated at home for a fixed period, subject to review at regular intervals. *This is not an exclusion.*

c. A student's presence in school represents a serious risk to the health or safety of other students or school staff, or themselves. In these circumstances the Principal may send the student home for a period of time after consultation with the parents (where possible). *This is not an exclusion* and may only be done for medical reasons.

A decision to exclude a student should be taken only:

- In response to serious breaches of the school's behaviour policy; and
- If allowing the student to remain in school would seriously harm the education or welfare of the student or others in the school.

Only the Principal, (or, in the absence of the Principal, the Acting Principal) can exclude a student.

A decision to exclude a child permanently is a serious one. It will usually be the final step in a process for dealing with disciplinary offences following a wide range of other strategies as outlined in this policy, which have been tried without success. It should be acknowledged by the school that it has exhausted all available strategies for dealing with the student and should normally be used as a last resort.

There will, however, be exceptional circumstances where, in the Principal's judgement, it is appropriate to recommend the permanent exclusion of a student for a first or 'one off' offence.

These might include but not be limited to:

- Serious actual or threatened violence against another student, staff member or member of the school community.
- Sexual abuse or assault
- Supplying, using or being in possession of an illegal drug
- Carrying an offensive weapon
- Persistent and defiant misbehaviour including bullying

These instances are not exhaustive, but indicate the severity of such offences and the fact that such behaviour can affect the discipline and well-being of the school's community.

### **Before Making a Decision to Exclude**

Exclusion will not be imposed in the heat of the moment, unless there is an immediate threat to the safety of others or the pupil concerned. Before deciding whether to exclude a student,

either permanently or for a fixed period, the Principal should ensure that a thorough investigation has been carried out and consider all the evidence available to support the case for or against exclusion.

### **When Exclusion is not Appropriate**

Exclusion should not be used for any other reasons than those outlined above and as per Appendix C.

### **Removal of Students on Health & Safety Grounds**

The Principal may send a student home, after consultation with that student's parents (where possible) and a health professional (for example, the School's nurse), where because of a diagnosed or potential illness such as a communicable disease he or she poses an immediate and serious risk to the health and safety of themselves, other students or staff. This is not an Exclusion and should be for the shortest possible time. If difficulties persist, the Principal should seek medical advice.

The Principal has the right to exclude students from the school if they have travelled to areas that are subject to a WHO advice of "essential travel only". The exclusion should be for the shortest length of time, e.g. the incubation period.

**Fixed Period Exclusions** The Principal may exclude a student for one or more fixed periods. However, individual fixed period exclusions should be for the shortest time necessary.

**Considerations Following a Fixed Period Exclusion** The school's obligation to provide education continues while the student is on the roll, and must be met during a fixed term exclusion. In all cases of more than a day's exclusion, work should be set and feedback provided.

The Principal (or Head of School) should arrange a reintegration meeting with parents following the expiry of a fixed period exclusion. This should represent an opportunity to discuss how best the student can return to school and can be a useful forum to consider with parents the possibility of a parenting contract. However, a fixed period exclusion should not be extended if such a meeting cannot be arranged in time or the parents do not attend. A readmission contract will be signed by students, parents and staff upon return to BSM

All fixed term exclusions should be reported formally to the Board of Governors in the Principal's report and informally to the Chairman of the Board of Governors on or before the

first day of the exclusion.

**Parental Co-operation** If a parent does not comply with an exclusion, for example by sending the excluded child to school, or by refusing to collect, or arrange collection of him or her, the Principal must have due regard for the pupil's safety in deciding what action to take. An exclusion will not be enforced if doing so may put the safety of the student at risk. If efforts to resolve the issue with the parents are unsuccessful the Principal should consider whether to contact the ROP or the Ministry of Education about available legal remedies.

**Permanent Exclusion** Whenever the Principal decides that a student may be permanently excluded, s/he should exclude the student indefinitely pending the outcome of an Exclusion Hearing. The Principal will make his final decision at the Exclusion Hearing. The parents and student have an opportunity to appeal the Principal's decision by writing to the Pupil Disciplinary Sub Committee. The Pupil Disciplinary Sub Committee will then either uphold the Principal's decision or support the appeal from the parent.

This above process should be completed, wherever possible, within 10 school days of the first day that the student is excluded.

**Procedures Following Permanent Exclusion** In the case of a permanent exclusion the student remains on the roll of the school until the Principal has made his decision, or the Pupil Disciplinary Sub Committee have decided on the outcome of the parents appeal.

**Behaviour Outside School** Student's' behaviour outside school on school business — for example, on school trips, away school sports fixtures, or work experience placements — is subject to the school's behaviour policy. Bad behaviour in such circumstances should be dealt with as if it had taken place in school. For behaviour outside school, but not on school business, the Principal may exclude a student if there is a clear link between that behaviour and maintaining good behaviour and discipline among the student body as a whole. This will be a matter of judgment for the Principal. Students' behaviour in the immediate vicinity of the school, or on a journey to or from school can be grounds for exclusion.

**Equality** The school has a duty to ensure the absence of racial discrimination and promote equality of opportunity and good relations between people of different racial groups and religious beliefs.

The Principal should take steps to ensure that s/he will not discriminate against students on racial grounds and/or religious persuasion when making a decision about whether to exclude a student. For example, the Principal should monitor and analyse, and report to the Board

concerning, exclusions by ethnicity and religious belief to ensure that s/he does not treat some groups of pupils more harshly than others.

**Informing Parents about the Exclusion** The Principal should follow carefully the following procedures, which are designed to ensure fairness and openness in the handling of exclusions.

Whenever the Principal excludes a student, the parents must be notified immediately, ideally by face to face, followed up by a letter within one school day. Letters of notification of exclusion must state:

- For a fixed period exclusion, the precise period of the exclusion
- The reasons for the exclusion
- The person whom the parent should contact if they wish to make representations (this will usually be the Clerk to the Board of Governors) – for permanent exclusion only
- The latest date by which the Exclusion Hearing must be held to make a decision – for permanent exclusion only
- The parent's right to see and have a copy of his or her child's school record upon written request to the school
- In the case of a fixed period exclusion, the date and time when the student should return to school
  - If the investigation is going to be heard at an Exclusion Hearing for potential permanent exclusion, include the date that indefinite exclusion takes effect
  - The arrangements made for enabling the student to continue his or her education, including the setting and feedback of work. It is the parent's responsibility to ensure that work sent home is completed and returned to school

All exclusion cases should only be communicated on a need-to-know basis.

In exceptional cases — usually where further evidence has come to light — a fixed period exclusion may be extended, or converted to a permanent exclusion. In such cases the Principal must write again to the parents explaining the reasons for the change. The Principal may withdraw an exclusion that has not yet been heard at an Exclusion Hearing

**Informing the Board of Governors** Within one school day the Principal must inform the Board of Governors of:

- The date for an Exclusion Hearing for potential permanent exclusion
- Exclusions which would result in the student being excluded for more than five school

days in any one term

- Exclusions which would result in the student missing a public examination

**The Board of Governors** The Pupil Disciplinary Sub Committee will be in place to hear a parental appeal against the outcome of the Exclusion Hearing.

If any exclusion would result in the student missing a public examination, the Exclusion Hearing should try to meet before the date of the examination. If, exceptionally, it is not practical for the Exclusion Hearing to meet before the time when the student is due to take the public examination, the Chair of Governors — using his or her powers to act in an emergency — may consider the exclusion and decide whether or not to reinstate the student (these are the only circumstances in which the Chair of Governors can alone review an exclusion). In such cases the parent has the right to make oral representations to the Board of Governors or, as the case may be, the Chair.

In some cases, depending on the nature and seriousness of the exclusion, the Board of Governors may exercise its discretion to allow an excluded student on the premises for the sole purpose of taking a public examination. There is no automatic right for any excluded student to take a public examination on the excluding school's premises — this is entirely at the Board's discretion.

**Procedure at the Exclusion Hearing - taken from ISBA guidance**

<b>Before the hearing...</b>
Notify the pupil and parents of the hearing by letter

Circulate the evidence to be relied upon by the school

Circulate any further evidence produced by the pupil/parents
<b>At the hearing</b>
Present - Principal, Deputy Head of School - Pastoral, Parents of student and student (optional), governing body members
Explain the purpose of the hearing
The school presents its case
Allow the pupil/parents to ask questions or present their case
The head asks questions of the pupil/parents and Deputy Head of School - Pastoral
Minute the hearing
Adjourn
<b>Following the hearing</b>
Inform all parties of the decision in writing
Parents have an opportunity to appeal
<b>Pupil Disciplinary Sub Committee Appeal Hearing</b>

**Pupil Disciplinary Sub Committee Decision** There are only two decisions open to the Pupil Disciplinary Sub Committee — to uphold the Principal’s decision or to uphold the parental appeal.

The Pupil Disciplinary Sub Committee must inform the parent (or the student if aged 18 or over) and the Principal of their decision in writing within one school day of the decision, stating their reasons. The Pupil Disciplinary Sub Committee may not attach conditions to any direction they may give to the Principal to reinstate the student; however, this does not prevent the school from following good practice in reintegrating the student.

Where the Principal or Pupil Disciplinary Sub Committee (following an appeal) decide to permanently exclude a student, their letter to the parent (or student if aged 18 or over) should also include the reason for the decision.

**School Fees** School fees shall not be refunded in the case of any form of exclusion, except at the discretion of the Principal when considering long term or permanent exclusion for medical reasons

  2. All users should also be aware that any ICT usage is governed by the principles outlined in relevant data protection, health and safety, computer usage legislation and systems.
  3. This Acceptable Usage Policy outlines the process for professional development needs identification and provision. BSM staff should be familiar with the Performance Management Review and ICT audit processes.
  4. Security provision is in place for the school network and equipment. Users are asked to follow the Acceptable use of ICT Agreement (Code of conduct - Staff) relating to this.
  5. The Acceptable use of ICT Agreement (Code of conduct - Staff):
    - notes that email and internet use should be for work related purposes and therefore used in a professional manner, taking account of the use of tone, language, audience, and reputation – both of the school and the user;
    - reinforces that the use of school provided communication devices/channels and access to student and staff material/information are for the purposes of school business, noting that private/personal usage should be for essential purposes only;
    - notes that the recording of video or images of staff or students must comply with current school policy
    - outlines that access to material which might be considered unacceptable should be reported immediately;
    - clarifies that it is the responsibility of all BSM staff to comply with security and data protection guidelines; that personal data must not be disclosed, and must be protected/secured if transferred; that computer/device access must be managed by the user following simple procedures such as locking the computer when not in use.

  7. Compliance to software licencing is embedded in policy and an expectation of all BSM staff.
1. Resources

1.1 The ICT Strategic plan describes the long term strategy for the provision of ICT resources and the School

Development plan allocates the finance to implement the plan.

purpose, with a gradual policy of replacement and renewal of older equipment. All old equipment is disposed

of in an environmentally friendly way. A review of new equipment and software as it comes on the market

occurs regularly in order to remain up to date with developments and to offer advice on the purchase of new

resources.

1.3 All computers are equipped with a core set of software to meet the requirements of the scheme of work

and additional software is available to meet the specific requirements of other subjects and for special

educational need, up to date virus protection should be installed on all machines, currently Symantec Antivirus

and a Cyberoam Firewall are implemented.

1.4 The installation of any software not purchased by the school is prohibited and all software installed on

machines must have the correct license. All staff are to be informed of the licensing laws for software and the

risks from virus infection.
